	Chew Lee, Max	Arg2	1411	3					

The standings have now been augmented by the divisions into rating groups. A division has 2 rating groups Arg1 and Arg2. B division has also 2 groups Brg1 and Brg2. The standings provide an interesting view of the overall performances of the competitors. It clearly shows how well the top players in B are performing. It unfortunately also shows when A division players are doing badly. As I was saying it is an interesting concept and worthy of serious analysis

CV teams competition result

The result from the match between Canterbury Juniors and Elwood was gleaned from the chat board, and pretty minimal it was. I have presumed that Canterbury Juniors were the home team and therefore had black on board 2. I have also added the ratings

Cheng Bobby
2335, result. 0

Matheson Laurence
2076 result 1/2

Chan Michael
1889 result 1/2

Yu Allen
1733 result 1

Goldenberg Igor
2378 result. 1

Sandler Leonid
2235 res.1/2

Sirota Anatoli
2171 res 1/2

Stead Kerry
1989 res. 0

So a drawn result against a strong team and Allen Yu to the rescue Out-rated on all boards. Well done Credit to the manager

With one round to go Marcus's position looks pretty good. He will play Jimmy Ying in the last round with Jimmy conceding 1000 rating points. I cannot see that done . But as Fats Waller used to say „one never knows do one,, Of the large group of young players on 3 there is still an opportunity to Join Steven and Dmitri on 50%. 50% in a swiss tournament has always been regarded as an inspirational land mark. Good luck to all in what seems to have been an interesting tournament with a wonderful mix of the old and the new

Box Hill's First Ever Transfer Tournament

We are not making enough use of the analysis of club games Michael is providing as part of his column in this news sheet. David Cannon has featured twice. What about any of the others? Cheng / Goldenberg? Sandler / Matheson, Chan / Sirota,Stead / Yu No shame on the club surely. Michael is at the club often enough on Fridays
